

THE REPUBLICAN

SAMUEL E. BOYS, Editor and Prop.

ISSUED EVERY THURSDAY.

Entered as second class matter January 14, 1911, at the post office at Plymouth, Indiana, under the act of March 3, 1879.

TERMS OF SUBSCRIPTION

The paper will be continued unless ordered stopped, except where subscribers live outside the county. The date on the yellow slip is the date to which you have paid.

JUST ACTION.

The county commissioners did just the right thing when they refused flatly to grant any extension of the franchise to the South Bend-Logansport interurban promoters.

They based their action on the fact that these men have not dealt squarely with a number of people in this county. They have contracted bills which have not been paid, and there is little chance now of their ever being paid. In addition to this, the continued failure to live up to the conditions in building the road, gave another, and in itself a sufficient reason, for not allowing these promoters to fool along with this county any more.

The commissioners ought to "hang right to the willows" on this proposition and make these fellows come across and pay their bills before they talk any more about an extension of franchise or any other favors.

CONTROL OF TRUSTS.

In his notable article in the Outlook for Nov. 18, Theodore Roosevelt takes occasion to commend very highly the Wisconsin method of dealing with the trusts. He uses this language:

"The success of Wisconsin in dealing with the corporations within her borders, so as both to do them justice and to exact justice in return from them toward the public, has been signal; and this Nation should adopt a progressive policy in substance akin to the progressive policy not merely formulated in theory but reduced to actual practice with such striking success in Wisconsin."

Inasmuch as the Wisconsin law is due to Senator La Follette, it looks as though the ex-President is favorable to La Follette for the presidential nomination.

President Taft says: "My happiness is not dependent on holding any office; I shall go back to private life with no heart burnings if the people after an unprejudiced review of my administration, conclude that some one else can serve them to their greater advantage." Can you imagine an old line politician giving expression to such a conclusion?

Of what it Costs Us
We Keep Faith with
Our Customers

We have rather peculiar ideas about running a retail store. We believe that the merchant who looks out for his customers' interests will never have to worry about his own interests. Business success, like happiness, comes to the average man INDIRECTLY. The fellow who goes about seeking happiness is the most unfortunate individual imaginable; the man who does his duty from day to day and tries to make others content finds true happiness. And so it is in business. We believe and always have believed, that by serving YOUR interests we shall in the end serve our best interests.

STRONGER MOVE FOR A REPUBLIC

Chinese Delegates Project Provisional Government.

SECRET RUSSO-JAPANESE PACT

Terms of Alleged Treaty Are Such That They Constitute Direct Challenge to United States, So Correspondent Claims.

London, Dec. 6.—The republican movement is becoming stronger, according to newspaper dispatches from Peking and Shanghai.

They assert that delegates from fourteen provinces, who have been conferring at Shanghai, have resolved to establish a provisional military government with Nankin as the capital. Huang Hsin, the generalissimo, will have his headquarters at the capital, while Li Yuan, the second in command, will be located at Wu-Chang.

Another statement is that delegates from twelve provinces met at Wu-Chang and decided to carry on the war until the republic has been established. They also determined to defend Wu-Chang to the last ditch.

The Peking correspondent of the Daily Telegraph, who has a penchant for sending out Japanese alarms, says a secret Russo-Japanese treaty has been signed for some time, whereunder two governments will demand 60 per cent participation in all future loans north of the great wall.

Furthermore, under these terms they actually agree to use any steps they may think necessary to secure the cancellation of clause 16 of the four power \$50,000,000 loan agreement.

This treaty, the correspondent says, is necessarily a direct challenge to the United States.

TWO CONFESS MURDER

Police Looking for Three Other Members of Robbers' Band.

Chicago, Dec. 6.—Following confessions of two prisoners a search was begun for three other members of a band of safe-blowers and horse-thieves who murdered Frederick Wennerstrom, Chicago chauffeur, and threw his body into the Fox river at Cary, Ill. The police also expect to learn the story of how the bandits killed Frank Hunter, a member of the band.

Forest Knapp and David W. Mawhood, the former a paroled convict and the latter his brother-in-law of Battle Creek, Mich., who are in jail in Waukegan, confessed that they had robbed the safe at Ravinia Park, the postoffice at Highland, were responsible for wholesale stealing of horses, and, at last, that they murdered Wennerstrom.

PERSIA ISSUES ULTIMATUM

Warns Russia to Halt Advance of Troops or War Will Come.

London, Dec. 6.—A dispatch from Téhéran to the Post says that Persia has sent an ultimatum to Russia, demanding that the Russian troops shall not advance beyond Kavin and that no more Russian troops shall be sent there. If these demands are not acceded to within thirty hours Persia gives notice that she will attack the Russian troops.

All factions, according to the correspondent, are uniting against the Russians, whom they regard as the common enemy.
